

A Bill to Legalize Floating Barriers

BE IT ENACTED BY THE CONGRESS HERE ASSEMBLED THAT:

SECTION 1. Interventions of passive resistance to discourage illegal immigration, specifically floating buoy-barriers, should be legalized for the state of Texas and other water-border states in the U. S. determined by federal jurisdiction.

SECTION 2. Passive resistance refers to interventions that do not involve bodily contact or harm to resisters, not to be understood as a protest of refusal to obey laws.

SECTION 3. Intervention refers to an action taken to improve a situation or address an area of struggle, not to be understood as prevention, action taken to avoid a situation before it begins.

SECTION 4. U.S. Immigration and Customs Enforcement (ICE) will oversee enforcement.

A. Enforcement and Removal Operations' (ERO) mission is to protect the homeland through the arrest and removal of those who undermine the safety of our communities and the integrity of our immigration laws.

SECTION 5. Individuals or groups can file an injunctive order against a state actor that refuses to comply with this law through the power of the courts.

A. A precedent has been set through Judicial District Courts in Salt Lake County, Utah, the litigation to be made in the state in which the violation has occurred.

SECTION 6. This bill will go into effect 90 days after the legislative session has ended in 2024.

ALL LAWS IN CONFLICT WITH THIS LEGISLATION ARE HEREBY DECLARED
NULL AND VOID.
