

No Prep Extemp? USX and IX

What the what? Wait. What?

Ok, deep breaths. Prep with World Schools did not work well last year. And this year we might not even have the library. Space concerns and all of that. SO, BNI and CPHS have invented "Extemp Extemp".

10 minute flex prep. - we are suggesting 5 prep / 5 deliver. But it's flex prep - you do you.

Access to Internet, bring your own device.

Still must be delivered from your brain. No notes.

Still get to choose between three questions.

The questions will be designed to be able to be broadly answered. Evidence is not required, and a speaker cannot be penalized for not having evidence.

SUPER IMPORTANT → That means you are doing a new speech each round!

A sort of preview of sectionals.

Still the same concept of extemp, just no specific evidence.
