 - Infrared with 7 levels of brightness
 - Visual distance of 400 M for day & 100 M for night
 - Battery life up to 10 hours a day and 6 hours at night
 - Convenient carry strap included
 - Zoom up to 2x
 - Description:
 - You can see them, but they can't see you!
 - The Hike Crew Black Night Vision Goggles with Built-In Camera and Carrying Case enable you to view the wonders of nature in a clear, visually stunning view. So, the next time you're about to go birdwatching or hunting, add this to your survival gear and equipment. The luminescent LCD screen gives a nice sharp image so you can see the finest detail even in complete darkness without having to squint or question what you're seeing. The high-quality image provides visual clarity. It brings far objects near, reducing eye strain and allowing longer viewing periods. Our Camo Night Vision Hunting Binoculars provide a daytime viewing distance of 400 m and a nighttime viewing distance of 60 m. See everything in the day or night like never before with this piece of tactical gear with a night vision scope. And they're not that noticeable on your face!
 - Available only online from SkyMall.com!
