- 1   **WHEREAS** Students are a primary source of income for their universities; and

- 3                   concerns; and
- 4   **WHEREAS** Rhetoric around college protesters has become increasingly vitriolic and is consequently
- 5                   serving to marginalize and suppress the voices of these students who seek to exercise their
- 6                   democratic rights; now, therefore be it
- 7   **RESOLVED** by the Congress here assembled that college students who choose to engage in peaceful
- 8                   protest to express their political perspectives are celebrated for doing so; and be it

2                   vision; and

4                   basic violation of this nation’s core value of liberty; and
- 5   **WHEREAS** Lawn maintenance as required by many states and municipalities leads to wasteful water  
6                   usage and destroys potential habitats for pollinators; now, therefore be it
- 7   **RESOLVED** by the Congress here assembled that states, districts, territories, and municipalities are  
8                   strongly discouraged from making any law circumscribing how homeowners may maintain  
9                   their lawns; and be it
- 10 **FURTHER RESOLVED** that Congress encourages homeowners to cultivate their lawns in ways that  
11                  conserve water, promote habitats for pollinators, and otherwise support environmental  
12                  sustainability.

## A Resolution to Amend the Constitution to Establish Federal Ballot Measures

1 **RESOLVED,** That the following article is proposed as an amendment to the Constitution of the United  
2 States, which shall be valid to all intents and purposes as part of the Constitution when  
3 ratified by the legislatures of three-fourths of the several states within seven years from  
4 the date of its submission by the Congress:

5 **ARTICLE —**

6 **SECTION 1.** Congress shall make no law abridging the right of the people to call for and vote on ballot  
7 measures, namely initiatives and referendums, at the federal level.

8 **SECTION 2.** In order to be placed on the ballot, initiated federal statutes shall require a number of  
9 signatures from registered voters equal to 10% of the number of votes cast in the most  
10 recent general election, while initiated constitutional amendments shall require a number  
11 of signatures from registered voters equal to 15% of the number of votes cast in the most  
12 recent general election. In all cases, signatures must be submitted at least 180 days prior to  
13 the day of the election in which the initiative will be voted on.

14 **SECTION 3.** Up until 90 days prior to the day of an election, Congress may put forth federal  
15 referendums by a simple majority vote, regardless of whether that referendum would  
16 amount to a constitutional amendment. Congress may put forth referendums either in  
17 conjunction with initiatives or independently.

18 **SECTION 4.** It shall be the responsibility of the Vice President to oversee ballot measures once  
19 submitted and to approve or deny them for inclusion on the ballot. This decision must be  
20 based solely on procedure and constitutionality, and must be made free of political bias.  
21 The Supreme Court shall have the power to overturn the Vice President's decision if a  
22 majority deems it to be politically motivated.

23 **SECTION 5.** To gain the force of law, a ballot measure that seeks to enact a federal statute shall require  
24 a simple majority of the popular vote, while a ballot measure that seeks to amend the  
25 Constitution shall require a two-thirds majority of the popular vote.

26 **SECTION 6.** The Congress shall have power to enforce this article by appropriate legislation.
