

A Bill to Regulate Hydraulic Fracturing to Save the Environment and Well-Being(Health) of the Public

BE IT ENACTED BY THE CONGRESS HERE ASSEMBLED THAT:

SECTION 1. This Bill will heavily regulate hydraulic fracturing(fracking) to save the environment and the health of the public.

SECTION 2. Hydraulic fracturing is when they remove natural gasses and oils that are able to negatively impact the environment and public well-being(health).

(SECTIONS 2-2.4 TRACKED TO HYDRAULIC FRACTURING)

SECTION 2.1. Methane emissions contribute to global warming and climate change,

SECTION 2.2. It essentially impacts the communities and ecosystems/environments nearby,

SECTION 2.3. Hydraulic fracturing waste products seep into groundwater supplies, placing millions of residents or those who live near at risk for harmful chemicals,

SECTION 2.4. Connections between hydraulic fracturing and air pollution, and water contamination, and increased earthquake activity have been found.

SECTION 3.Government agencies: Occupational Safety and Health Administration (OSHA), Sustainable Development GOALS, USGS Hydraulic Fracturing government, U.S.Code government.

SECTION 4. This legislation will take effect on January 1, 2025. All laws in conflict with this legislation are hereby declared null and void.

Introduced for Congressional Debate by Katherine Lopez.
