**Asynchronous Tournament:**

All events will compete in three rounds. Placings will be determined by cumulative rank. Ties in rank will be broken on: head-to-head, strength of opposition, and reciprocals. *If an event is small enough to only require one section, final placings will be based on predominance of 1's, followed by lowest cumulative rank. Ties in rank will be broken on: judges' preference, and then reciprocals.*

Saturday finals, the prompt will be an **object** related to the tournament theme.

**Accommodations:**

If you have a student or coach who requires any accommodations, please let us know. We will be happy to work with you to find a solution that best fits your needs.

**Health and Wellness:**

In order to help your students feel their best, we will provide complimentary breakfast and lunch for all competitors, coaches, and judges on Saturday. Vegetarian options will be provided.

It is also our priority to ensure that all attendees thrive in a safe and healthy environment. Masks are not required, however some students or judges may choose to wear a mask. Students may choose to wear a mask while performing; this should not impact the judges assessment of that performance.

We encourage everyone to do what they must to avoid triggers, microaggressions, or other harmful exposure. If any students or judges need to be blocked from a person or event for any reason, do not hesitate to let us know. The Halloween Swing adheres to the AFA-NST open-door policy. Competitors and observers may leave the round as needed and shall not be penalized for exiting a round at any time. Please wait to return in between performances. Judges are encouraged to take a brief break as needed in between performances.
