

DIGITAL DRAW PROCEDURES – EXTEMP AND IMPROMPTU

1 -- Please make all students entered in EXTEMP and IMPROMPTU are familiar with getting into their student accounts. They will do so via live.speechwire.com.

2 -- Please visit with your students about the fact that draw for both of these events will be digital. Here is a video tutorial to share with your limited prep entries if they have not done this before -

- <https://www.youtube.com/watch?v=AhB9U1iQaLY> – The important section for students to watch runs from 8:15-9:45. The rest is focused on tournament management and judge elements.

3 -- Students will, of course, need a digital device on which to complete draw (this may be their phone) but is easier accomplished on a computer. Please remind them that they must go to live.speechwire.com to log into their accounts. Once they draw, topics are automatically shared with judges so they will not have to present those by hand to them.

4 – Impromptu Rules can be found on Page 11 of this handout --
<https://www.speechwire.com/files/16051-2024%20EVENT%20RULES.pdf>

Please note that students will prep inside the speaking room and will have 7 minutes to prepare and present the speech. The ‘norm’ for the event is to prep for 2 minutes and speak for 5 minutes, but students control how they use their time. No notes are permitted during the presentation.

5 – Topic Areas. These are posted, along with sample prompts and questions under Files for Download.
